

BASIC LEVEL

WHEELCHAIR SERVICE TRAINING PACKAGE

CERTIFICATE

This is to certify that

EMIL BENJAMIN MHINA

has completed a 40 hour theoretical and practical training in basic level wheelchair service provision.

The course provides training in how to provide an appropriate manual wheelchair and cushion for people who can sit well. The content includes:

- Assessing a wheelchair user to identify the best possible mobility solution;
- Providing a manual wheelchair with an appropriate cushion;
- Problem solving to identify simple modifications to the wheelchair that can help to ensure the best fit;
- Training of wheelchair users to make the best use of their wheelchair;
- Carrying out follow up;
- Basic wheelchair repair and maintenance;
- How to fabricate a foam contoured cushion.
