CERTIFICATE

Mr. Luckson Fredrick Mghase

attended the

Advanced Training Course for Teachers of Orthopaedic Technology

20 August 2001 – 31 August 2001 Moshi/Tanzania

The primary objective of the seminar was to improve the quality of teacher training by enabling the participants to analyse and design curricula, to plan and use teaching-learning methods and to design and build teaching aids.

During the course, the participants practiced

- > the revision of a given curriculum
- > the elaboration and the presentation of subject related lesson plans
- the development of learn and work tasks and of tests
- the development and the application of teaching aids

Moshi, 31 August 2001

Eberhard Koob

Head of the Health Section

DSE

Claudia Kornahrens Programme Officer

DSE

The seminar was sponsered by the Federal Ministry for Economic Cooperation and Development (BMZ) and organized by the German Foundation for International Development (DSE) in cooperation with the Tanzania Training Centre for Orthopaedic Technologists (TATCOT), Moshi/Tanzania.
